

Philips Voice Tracer
digital recorder
with 3Mic AutoZoom

Lecture recording

VOICE TRACER

DVT5000

Superior distance recording

with built-in 3Mic AutoZoom recording

The Voice Tracer 5000 is the perfect companion for capturing lectures, distant voices and conversations in outstanding sound quality. The built-in 3Mic AutoZoom suppresses surrounding noises and make every recording sound crisp and clear.

Superior audio quality

- 3Mic AutoZoom recording for capturing distant voices
- Metal microphone grille for crystal clear sound quality
- Pre-recording for never missing a single word
- Stereo MP3 recording for crystal clear playback

Easy and intuitive experience

- Calendar search for easily finding taken recordings
- Integrated fold-out stand for easy device positioning
- Rechargeable batteries included for economic recording
- Smart keys for convenient operation

Designed around you

- 4 GB memory built-in for up to 44 days of recording
- Up to 48 hours battery runtime for extra long recordings
- Micro SD memory card slot for virtually unlimited recording
- Premium in-ear headphones included for outstanding playback

PHILIPS

Highlights

Metal microphone grille

A well-engineered microphone grille is able to make a good microphone stand out even more. The grille built-in the new Voice Tracer's guarantees crystal clear recordings.

Pre-recording

The pre-recording function allows you to record sound sources from approximately three seconds prior to pressing the record button.

Calendar search

With the calendar search feature, finding taken recordings is as easy and convenient as never before. Every recording receives a time stamp, and can be looked up by simply entering the date of recording.

Integrated fold-out stand

With the integrated fold-out stand on the backside of the Voice Tracer you can conveniently position your voice recorder towards the sound source.

Rechargeable batteries

The new Voice Tracers come with rechargeable batteries for more than 50 hours of continuous recording. Additionally, you can help protecting the environment by simply recharging the batteries of your device using USB instead of buying new batteries.

4 GB memory built-in

With the 4 GB of built-in memory, your Voice Tracer is able to capture up to 44 days of continuous recording.

Extra long battery runtime

The batteries of the new Voice Tracer's last for up to 48 hours for extra long recording sessions.

Micro SD memory card slot

Virtually unlimited recording capacity thanks to a micro SD memory card slot supporting up to 32 GB of additional memory.

Premium headphones included

The included Premium headphones are the perfect companion for your Voice Tracer. The in-ear design deliver a superior bass response, crisp highs, and a great balance.

Specifications
