

Philips Pocket Memo  
**digital dictation  
recorder**  
with SpeechExec  
workflow software

Push-button  
operation

**POCKET MEMO**

**LFH9375**

## Get more done in less time

with digital dictation

Handy, powerful and efficient, you can easily operate the latest recording solution with push buttons. With the exchangeable memory card you have virtually unlimited recording capacity and the DSS format delivers excellent sound quality.

### Superior audio quality

- High-quality built-in microphone for excellent sound quality
- High recording quality in DSS and MP3 format

### Enhance your productivity

- SpeechExec workflow software for easy data management
- Professional editing via push-button operation
- Priority setting for getting urgent jobs processed first
- Automatic file download via USB for quick transcription

### Designed for professionals

- Exchangeable memory card for unlimited recording
- Lightweight metal body for convenient working
- Direct charging via USB for economical recording
- Voice-activation function for hands-free recording

# PHILIPS

# Highlights

## Exchangeable memory card

Virtually unlimited recording capacity thanks to an exchangeable memory card.

## High-quality microphone

The high-quality microphone delivers increased recording sensitivity and excellent sound quality.

## Professional editing functions

Easy and fast file editing (insert, overwrite, append) via convenient push-button operation.

## Automatic download via USB

When plugged in, the Pocket Memo dictation recorder automatically downloads your audio files directly onto the computer.

## Lightweight metal body

The ergonomically shaped lightweight metal body is ideal for convenient working over longer periods of time.

## SpeechExec workflow software

SpeechExec sends your recordings to your assistant for transcription and allows you to monitor the status of your work.

## DSS and MP3 recording

The DSS format was developed for use in digital voice recorders, allowing a high compression ratio with little loss of quality. The DSS format also allows you to store additional information in the file header, which facilitates the organization and the transcription of dictation files. The MP3 format is the common audio format for consumer audio storage, as well as a de facto standard encoding for the transfer and playback of music on digital audio players.

## Priority setting

With the included priority setting option, urgent recordings get processed first.

## Direct charging via USB

Help protect the environment by simply recharging the batteries of your device using USB instead of buying new batteries.

# Specifications

## Connectivity

- Headphones: 3.5 mm
- Microphone: 3.5 mm
- Line-in
- USB: High-speed USB 2.0
- Memory card slot

## Display

- Type: LCD
- Diagonal screen size: 44 mm/1.7 in.
- Backlight: white

## Storage media

- Exchangeable memory card
- Memory card types: Secure Digital (SD), Secure Digital (SDHC)
- Mass storage class compliant

## Audio recording

- Recording formats: Digital speech standard (DSS), MPEG1 layer 3 (MP3)
- Built-in microphone: mono
- Recording modes: XHQ (MP3/stereo), HQ (MP3/stereo), QP (DSS/mono), SP (DSS/mono)
- Bit rate: 13.5 kbps (SP), 27 kbps (QP), 64 kbps (HQ), 128 kbps (XHQ)
- Recording time (2 GB card): 349 hours (SP), 170 hours (QP), 72 hours (HQ), 36 hours (XHQ)
- Sample rate: 44.1 (XHQ), 32 kHz (HQ), 16 kHz (QP), 12 kHz (SP)

## Sound

- Speaker type: built-in round dynamic speaker
- Speaker diameter: 30 mm
- Speaker output power: 200 mW
- Frequency response: 300–8,000 (XHQ), 300–8,000 (HQ), 300–7,000 (QP), 300–5,700 (SP) Hz

## Convenience

- Professional editing functions
- Multiple language support: 5 languages (EN, FR, DE, ES, IT)
- 2 smart buttons
- Author ID setting
- Control via push button
- File lock
- One-thumb operation
- Priority setting
- Voice-activated recording
- Automatic software updates

## Power

- Battery type: AAA/LR03 Alkaline, Philips AAA Ni-MH LFH9154
- Number of batteries: 2
- Rechargeable: yes, via USB
- Battery lifetime: up to 23 hours in SP recording mode
- Batteries included: rechargeable

## System requirements

- Processor: Pentium IV 1GHz recommended
- RAM memory: 1 GB (2 GB recommended)
- Hard disk space: 100 MB for SpeechExec, 850 MB for Microsoft .NET 4
- Headphone output or speakers
- Operating system: Windows 8/7/Vista (32/64 bit), Mac OS X 10.8/10.7
- Free USB port
- DVD-ROM drive
- Graphics card: DirectX-compliant graphics card with hardware acceleration recommended
- Sound device: Windows-compatible sound device

## Green specifications

- Compliant to 2002/95/EC (RoHS)
- Lead-free soldered product

## Accessories

- SpeechExec Dictate software
- USB cable
- Secure Digital memory card
- Pouch
- Rechargeable AAA batteries LFH9154
- Quick start guide

## Design and finishing

- Color(s): black aluminum
- Material: full metal body
